Stone Bridge Press specializes in academic publishing by offering a diverse range of scholarly works on Japan, China, Korea, and Asian culture. Their publications cover language, literature, business, manga, design, and culture, providing valuable resources for academic study and research in Asian studies.

## Categories and Subjects

Stone Bridge Press offers key subjects and categories including Japan-related fiction, poetry, culture, anime, manga, guides on Japanese customs, culture, aesthetics, Korea, China, language, literature, business, design, and pop culture. Their publications span diverse topics in Asian culture and art.

## About

Founded in Berkeley, California, in 1989, **Stone Bridge Press** boasts about 150 titles covering diverse Japan-related topics like language, business, literature, manga, design, and culture. With renowned authors like Donald Richie and Frederik L. Schodt, the press is revered for its insightful reference works on Japanese popular culture and characters. Their exploration of wabi-sabi in 1992 sparked an international design revolution.
