

 **MEDICAL AND
HEALTH SCIENCE**

Specializes in Academic

PMPH-USA produce clinical references, textbooks, and online materials tailored for physicians, dentists, medical students, and health science practitioners. Through its collaborations and acquisitions, including BC Decker's medical book list, PMPH-USA offers academic resources that contribute to medical education and professional development.

Categories and Subjects

Key categories and subjects provided by PMPH-USA include clinical references, textbooks, and online resources for physicians, dentists, medical students, and health science practitioners. The publications cover areas such as oncology, surgery, neurology, pediatrics, oral surgery, dentistry, and other medical specialties.

PMPHUSA

About

PMPH-USA, the U.S. arm of People's Medical Publishing House in China, specializes in publishing clinical references, textbooks, and online resources for healthcare professionals. Established in 2008, it acquired BC Decker's esteemed medical book list, featuring renowned authors and titles in various medical specialties.
